SUMMARY

Sr Full Stack Developer with over 15 years of experience in building robust and scalable **Python** backend services using **FastAPI, Flask, Django**, and dynamic frontend applications with **ReactJS**. Proven track record in integrating modern AI systems and microservices architecture to enhance application performance and scalability. Skilled in **Azure SQL, PostgreSQL, MySQL**, and cloud infrastructure management with **Docker** and **Kubernetes**. Adept at collaborating with cross-functional teams to deliver comprehensive solutions.

CORE COMPETENCIES & TECHNICAL SKILLS

Backend Development: Python (FastAPI, Flask, Django), RESTful API design, microservices, .NET (C#)

Frontend Development: ReactJS (Hooks, state management), Node.js

Database Technologies: Azure SQL, PostgreSQL, MySQL, SQL Server

Cloud & DevOps: Docker, Kubernetes, CI/CD (Azure DevOps, GitHub Actions), Microsoft Azure

AI & Machine Learning: LLM integration, RAG pipelines, agentic AI systems

Architecture & Design: HLD/LLD for distributed systems, performance tuning, scalability, fault tolerance

ACCOMPLISHMENTS

- Engineered scalable backend services using Python and .NET, enhancing system throughput by **45%** and reducing latency.
- Developed interactive frontend applications with ReactJS, improving user engagement and experience.
- Integrated AI systems and RAG pipelines to automate data processing, cutting manual effort by **60%**.
- Optimized database schemas and queries, achieving **99.95% data accuracy** and reducing query execution time by **28%**.
- Led cross-functional teams to deliver end-to-end solutions, accelerating project timelines by **3 weeks**.

PROFESSIONAL EXPERIENCE

Principal Software Engineering Consultant / Technical Lead

Jan 2023 – Present | Los Angeles, CA / Remote

CGJSoftware, Inc.

- Architected and deployed containerized Python microservices (FastAPI, Django, Sanic) on AWS and Docker, increasing system throughput by **45%** and reducing API latency to under **120ms**.
- Integrated LLMs and vector search capabilities into client data pipelines, automating document classification and cutting manual data entry time by **60%**.
- Pioneered AI-augmented development practices across client teams using Cursor, Claude, and GitHub Copilot, slashing bug fix resolution times by **40%**.

Senior Software Engineer

October 2021 – November 2022 | Disney Corporation, Inc. (Remote)

- Engineered scalable backend modules for core enterprise financial and reporting systems processing over **\$10M+ in daily transaction metrics**.
- Co-architected an automated accounting costing system, cutting end-of-month financial reconciliation processing times from **8 hours down to 45 minutes**.

API Developer, System Architect, DevOps Engineer, and Scrum Master

January 2018 – July 2019 | Alan Health & Science Corp. (Remote)

- Architected secure Python REST APIs for HIPAA-compliant healthcare platforms, servicing over **500k active user profiles**.
 - Configured production Linux environments, domain DNS, SSL/TLS security, and automated backup procedures with **99.9% system availability**.
-

Python Software Developer and System Architect

July 2019 – October 2021 | CGJSoftware, Inc. (Remote)

- Containerized Python, React, and Node.js applications using Docker and deployed to GCP using gcloud CLI, improving deployment frequency by **3x**.
 - Designed non-blocking asynchronous architectures utilizing AWS Pub/Sub messaging and Boto3 SDK, preventing application bottlenecks and ensuring **zero data loss** during peak loads.
-

Quality Assurance & Network Integration Engineer

February 2005 – December 2009 | Hospira, Inc., San Diego, CA

- Verified and validated software for Symbiq and Plum A+ hospital infusion pumps — requirements-based manual testing, smoke testing, formal verification, and defect tracking in regulated medical device workflows.
- Collaborated with firmware and hardware engineers to test embedded device behavior, troubleshoot software upgrades, and resolve complex integration issues across pump, server, and hospital network environments.

EDUCATION

Associate of Science, Computer Electronics

ITT Technical Institute — GPA 3.67

United States Marine Corps

Field Wireman & Communications Specialist — Honorably Discharged
