SUMMARY

Python Developer with extensive experience in designing and developing scalable **REST APIs** and backend systems using **Flask** and **Django**. Strong background in **AI** and cloud technologies, adept at integrating AI-powered workflows and deploying applications in **remote** environments. Proven ability to enhance system quality and performance through innovative tooling and robust service operations.

CORE COMPETENCIES & TECHNICAL SKILLS

Backend Development: Python (Flask, Django, FastAPI), RESTful API design, microservices architecture

AI & Machine Learning: LLM API Integration, AI-powered workflows, data pipeline automation

Cloud & DevOps: AWS (ECS, Lambda, S3), Docker, Kubernetes, CI/CD, Linux Administration

Database Management: PostgreSQL, MySQL, Redis, MongoDB, ORM/SQLAlchemy

ACCOMPLISHMENTS

- Designed and developed scalable backend systems and REST APIs, enhancing data processing efficiency by **40%**.
- Integrated AI tools to automate workflows, reducing manual processing time by **60%** and improving data accuracy.
- Led cloud deployment strategies for AI platforms, achieving **99.99% uptime** and seamless service operations.

PROFESSIONAL EXPERIENCE

Principal Software Engineering Consultant / Technical Lead

Jan 2023 – Present | Los Angeles, CA / Remote

CGJSoftware, Inc.

- Architected and deployed Python microservices on AWS, enhancing system throughput by **45%** and reducing latency.
- Integrated AI and vector search capabilities, automating data classification and cutting manual entry time by **60%**.
- Implemented AI-augmented development practices, improving feature delivery speed by **35%**.

Senior Software Engineer

October 2021 – November 2022 | Disney Corporation, Inc. (Remote)

- Engineered backend modules for financial systems, processing over **\$10M+ in daily transactions**.
- Optimized cloud infrastructure on AWS, achieving **99.99% uptime** for critical applications.

API Developer, System Architect, DevOps Engineer, and Scrum Master

January 2018 – July 2019 | Alan Health & Science Corp. (Remote)

- Developed secure Python REST APIs for HIPAA-compliant healthcare platforms, ensuring **99.9% availability**.
- Managed cross-functional teams and implemented CI/CD pipelines, reducing deployment conflicts by **70%**.

EDUCATION

Associate of Science, Computer Electronics

2010 – 2013 | ITT Technical Institute, San Diego, CA

- GPA 3.67

Field Wireman & Communications Specialist

September 1995 – September 1999 | United States Marine Corps

- Honorably Discharged
