Sankalp Pokhriyal

Senior Technical Recruiter

Apetan Consulting LLC

Dear Mr. Pokhriyal,

I am writing to express my interest in the Lead Backend Software Engineer (Golang / AWS) position at Apetan Consulting LLC. With extensive experience in designing and building scalable backend services using Golang and AWS, I am excited about the opportunity to contribute to your team and drive engineering initiatives within large enterprise environments.

My background includes leading the development of cloud-native applications and distributed microservices, particularly within the financial services domain. I have a proven track record of delivering high-performance, resilient systems and mentoring development teams to achieve engineering excellence. My expertise in leveraging cloud-native technologies and modern development practices aligns well with the requirements of this role.

I am particularly drawn to this opportunity at Apetan Consulting LLC because of your commitment to delivering business-critical solutions with a focus on reliability and scalability. I am eager to bring my skills in Golang, AWS, and microservices architecture to your team and contribute to the success of your projects.

Thank you for considering my application. I look forward to the opportunity to discuss how my experience and skills can benefit Apetan Consulting LLC. Please feel free to contact me at your convenience.

Sincerely,

Cary Jones
