Hiring Manager

PwC

Irvine, California, Orange County, CA

Dear Hiring Manager,

I am writing to express my interest in the AI Engineer position at PwC as advertised. With over 15 years of experience in software engineering, specializing in AI and cloud architecture, I am excited about the opportunity to contribute to PwC's innovative projects.

My expertise in Python and cloud technologies, particularly AWS and GCP, aligns well with the requirements for the AI Engineer role. I have successfully integrated AI and machine learning solutions into enterprise systems, enhancing performance and scalability. My recent work involved developing microservices and API architectures that improved system throughput by 45% and reduced latency significantly.

At CGJSoftware, Inc., I led the deployment of AI-augmented solutions, which streamlined workflows and increased delivery speed by 35%. My ability to guide cross-functional teams and implement cutting-edge technologies has been pivotal in achieving project goals efficiently.

I am eager to bring my technical skills and leadership experience to PwC, contributing to your team's success and driving forward-thinking AI initiatives. Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your team.

Sincerely,

Cary Jones
